

CHOHARIS | GLOBAL | SOLUTIONS

MINING

CHOHARIS | GLOBAL | SOLUTIONS professionals have assisted a multilateral development bank, a mining company, and governments with the financing, development, and rehabilitation of a wide range of mining projects and sectors. This work includes legal reforms and environmental and social protections. We have also provided consultation to a global mining company on local, regional, and national relations and on corporate social responsibility matters. And we have advised governments on their strategic development of other extractive industries.
